Final Note by the First Member of Council.

Subject:—

Restoration to the Swamigalu of Sri Sosale Vyasarayaswami Mutt of the management of Mutt properties situated outside the State.

In para 5 of G.O. No. 731-2/Muz. 78-25-4 dated 12th December 1925, sanction was conveyed to the management by Government of the properties of Sri Sosale Vyasarayaswami Mutt within the State, and in para 6 of the same order it was stated that Government could not accede to the request of the Swamigalu for a similar arrangement in regard to the management of the properties of the Mutt outside the State.

On a further representation of the Swamigalu, the management by Government of the properties of the Mutt outside the State was sanctioned in Order No. 859-60/Muz. 389-28-7 dated 28th October 1929 for a period of three years. This period expires by the end of this calendar year.

The Muzrai Commissioner states in his letter of 8th September 1932 that the work relating to the management of the properties of the Mutt outside the State is increasing in volume and taking up much of his time, that in addition to his other duties, it is not possible to bestow the minute attention which the nature of the work demands, and that Government are in no better position than the Swamigalu himself in the management of these properties, situated as they are outside the State. The Swamigalu takes practically no interest in the administration of the Mutt properties and his only concern appears to be to get as much money as possible from them, treating Government as his bankers, and this arrangement, the Muzrai Commissioner adds, will, in the long run, result in his losing all sense of responsibility for the management of the Mutt properties. The Muzrai Commissioner is therefore of opinion that it is desirable to

restore the management of the properties of the Mutt outside the State to the Swamigalu after the end of the present period. Many improvements have been made during the period the management was with Government and with the support and sympathies of his disciples, the Swamigalu should be in a position to satisfactorily carry on the management of these properties in future.

The Swamigalu of the Mutt has, however, in his Srimuka of 18th September 1932, requested that the management of t h e properties of the Mutt outside the State by the Government may be continued for another five years.

Pages 2 & 3 Office Note

I am of the same opinion as the Muzrai Commissioner and the Dewan also agrees in this view.

I therefore solicit His Highness' gracious approval to restore the management of the properties of the Mutt outside the State to the Swamigalu of Sri Vyasarayaswami Mutt at Sosale from 1st January 1933.

SIR,

Adverting to G.O.No.736-7/Muz.97-32-4 dated 7/8th ----- November 1932, I have the honor to state that the Swamigalu of the Sri Vyasarayaswami Matha has given a Power of Attorney to Rao Bahadur Mr.S.N.V.Rajachar, Retired District Collector, Madras to manage the properties of the Matha ~~xxxxx~~ situated in British India for a period of five years in the first instance. All the records and accounts of

SIR,

8/10/9

Adverting to Government order No.859-60/Muz.389-28-7 dated 16/20th October 1929 directing the taking over of the management of the Sri Vyasarayaswami Mutt properties outside the State for a period of 3 years, I have the honor to state that the period stipulated expires by the end of this Calendar year. As a result of the experience acquired by this office during the period the properties have been under ~~Government~~ Government management, I am decidedly of opinion that it is not advisable to continue the management of these properties under Government after the lapse of this period. My reasons are briefly described below.

Extension called for B.No 637 of 31-32

2. In the first place, as observed in Government's D.O.No.665/Muz, dated 12th November 1931, the work has been not only increasing in volume, but also very complicated in its nature and is taking away much of my time. This increase of work has its natural repurcussion presumably in the Secretariat also. This extra and additional work might perhaps be looked after fairly well, if there is a full time Muzrai Commissioner without any other work. But at present, I have got plenty of other work to attend to as Revenue Commissioner and Survey Superintendent and it is not possible to bestow the minute attention which the nature of the work demands. There is an Agent but this affords no great relief as most of the

the questions are complicated and require my personal attention.

3. Secondly, Government are in no better position than the -- Swamigalu himself in the management of these properties, situated as they are outside the State. There are no local agencies to -- verify information and otherwise to assist the Huzrai Commissioner in the management, and he has to rely entirely on the ordinary law and procedure obtaining in Madras. The properties also are very -- widely scattered from Chittoor District right down to the southern-most corner of Madras in the Tinnevelly District. It would require a very costly staff for properly looking after all these lands, but it is not possible to entertain the same with the limited resources at our disposal. Moreover, every one of these widely distributed - properties has got a long history of litigation behind it, and the position of the Mutt has been rendered very difficult by all this - litigation. Moreover, owing to economic depression, it has become almost impossible to recover any amount without filing suits in --- Civil Courts. This remedy, as Government will realize, not merely entails time and worry to me, but will also be futile in the end. The result has been that there is a great decrease in the estimated income from the Mutt lands. It is likely that this decrease will continue, as a number of lessees have been asking for reduction in the stipulated rents, and some of them have even surrendered their lease rights.

4. On the other hand, the Swamiji's responsibility is practically nil, and his only concern appears to be to get as much money from the available Mutt funds as possible. In the end, he will lose his sense of responsibility and treat the Government as his bankers.

5. I may say that every effort has been made from the period the properties have come under the Government management to put the manage ment on a proper foundation. Since January 1930, the position of -- every property has been examined and systematized and the rents ------ stabilized. Many of the contests which the Mutt had in respect of -- several properties have been compromise in the best interests of the Mutt, and generally, the relations between the Mutt, represented by

Government, and

and its tenants have improved very much for the better.

6. For these reasons, I am of opinion that it is desirable to restore the properties to the Swami after the end of the period. He may have some difficulty in the beginning; but, if he enlists the support and sympathy of his disciples, many of whom, I know, are anxious to help him, I have every reason to think that the management of the Mutt properties can be carried on in a fairly satisfactory manner by him.

7. It is necessary that a decision should be arrived at early, because in the event of the properties being restored to the Mutt, sufficient notice will have to be given to the Swami to organize the necessary staff for --- looking after the properties from 1st January 1933.

I request the favour of very early orders of Government in the matter

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.
